

Open a Pathway. Change a Future.

A practical partnership opportunity to open access to quality Christian education and help ECA grow for the next generation.

THE OPPORTUNITY

From Rural Beginnings to a Future Filled With Possibility

Through Fountain of Life and Dayspring, ECA is already serving children in rural communities surrounding Estcourt. Our vision is to identify learners with potential and create a pathway from Grade RRR into Elevate Christian Academy - giving them access to quality Christian education, daily support and opportunities they may otherwise never receive.
